RECOGNITION

AGI will recognise the qualifications and statements of attainment issued by other RTOs. If you have completed prior training with another training provider and wish to seek recognition for existing units of competency you will need to

provide evidence such as a statement of attainment, academic transcript or statement of results from your previous training (see Credit Transfer below).

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is the formal acknowledgement of the skills, abilities and knowledge that applicants might have obtained as a result of their work and life experience/s, previous training and/or formal education.

Should you wish to seek RPL, you must provide sufficient evidence of existing knowledge and skills. In addition, you will also undertake a formal assessment process consisting of a conversation (wherein you respond to a series of questions related to the units of competency for which you are seeking credit), challenge testing and the collection of third-party testimonials or references from employers. Please contact us for further information.

Credit Transfer

The concept of CT applies nationally, and refers to the acceptance of AGI, as per its Standards for RTO's compliance requirements, to recognise all nationally recognised qualifications and statements of attainment issued by other RTOs. This process thereby enables individuals to receive national recognition of their achievements. Credit transfer cannot be granted without substantiation such as a copy of a statement of attainment, academic transcript or statement of results from the training provider. This document will be retained on your student file as evidence of your achievement of the units against which AGI will be issuing a qualification.

CODE OF PRACTICE

This includes an agreement to provide accurate, timely and relevant data necessary to measure the organisation's performance, to provide information about significant changes to the organisation's operations, and to ensure that quality records are managed and maintained so as to demonstrate the organisation's compliance against the standards and registering body requirements.

Compliance with Legislation

AGI agrees to satisfy the requirements of all Commonwealth and State legislations and regulations as applicable to its operations and scope of registration. AGI ensures that all employees and clients are fully informed of these requirements and their effect on their duties and participation in VET.

Insurance

AGI ensures that it holds appropriate insurance for public liability, professional indemnity and WorkCover throughout its registration period.

Financial Management

AGI ensures that it has procedures in place to protect fees paid in advance and implements a fair and reasonable refund policy. AGI commits to

ensuring that its accounts are certified by a qualified accountant at least annually, and makes the certificate of accounts available to relevant registering authority upon request.

Certification & Issuing of Statements of Attainment

AGI ensures that people assessed as competent in accordance with the requirements of a Training Package or accredited course will be issued a qualification or statement of attainment. All qualifications or statements of attainment issued will meet the requirements of the Standards for RTO's, issued within 30 calendar days and will include AGI's national provider number and the Nationally Recognised Training (NRT) Logo.

Records of learner's qualifications and statements of attainment are kept for a period of 30 years.

Recognition of Qualifications Issued by Other RTOs

AGI recognises all Nationally recognised qualifications and statements of attainment issued by other training providers.

Accuracy & Integrity of Marketing

AGI ensures that its marketing and advertising of Nationally recognised qualifications to prospective clients is ethical, accurate and consistent with its scope of registration.

Training Package Transition

AGI ensures that it has processes in place to manage the transition from superseded Training Packages within 12 months of their publication. Processes to ensure the transition from superseded accredited courses are also implemented.

Continuous Improvement

AGI has a commitment to providing quality products/services with a focus on continuous improvement. We value feedback from students, clients, employees and industry in regards to opportunities for business development and growth. We carefully review the results of our external government audits and put processes in place to ensure we remain compliant at all times. Internal audits are also an important part of our policies and procedures to ensure we meet government requirements.

Sanctions

AGI will honour all guarantees outlined in this Code of Practice. We understand that if we do not satisfy the obligations set out in this code or any of the supporting legislative/regulatory requirements, we may have our registration withdrawn.

ACCESS, EQUITY & DIVERSITY POLICY

The Access, Equity and Diversity Policy ensures that the principles of equity for all people are implemented through the fair allocation of resources and the right to equality of opportunity without discrimination.

AGI will provide opportunities for all people to participate in the VET system, and in any other associated decisions that will affect their lives. Appropriate student support services will be provided to maximise the chances of under-represented students achieving positive outcomes and placement/employment in their chosen career.

To maintain this policy AGI will:

- Ensure the establishment of non-discriminatory student selection procedures that encourage fair access for all people including members of under-represented groups;

- Ensure the requirements of individual students are accounted for in the strategic and operational planning process;
- Provide students with the opportunity to be involved in the planning and decision-making processes in regards to matters that directly affect them;
- Provide training programs and services that are accessible to all people in an environment that is free from discrimination and harassment;
- Seek to provide access to a broad range of high-quality support services that account for AGI's diversity of students and the needs of people from under-represented groups;
- Seek to provide opportunities for all people to achieve outcomes that meet their personal goals; and
- Provide opportunities for employee professional development to assist those who deliver training, assessment and administrative services to people from under-represented groups.

AGI recognises that equity and diversity considerations and initiatives go beyond extending a helping hand to the 'disadvantaged' and responding to legislative imperatives. Fair and equitable access to VET can assist all Queenslanders to gain meaningful employment and participate in the economic and social life in their community. This policy is a mechanism by which AGI demonstrates its commitment to the following State and Federal equity legislation and policy requirements:

- Disability Discrimination Act (1992)
- Sex Discrimination Act (1984)
- Racial Discrimination Act (1975)
- National Strategy for the Education of Aboriginal & Torres Strait Islander People (1996-2002)
- Anti-Discrimination Act (1991)

- Multicultural Queensland Policy (1998)

Equity

Equity means 'fairness'. In the context of VET, equity ensures that all people are provided with the opportunity to access, participate and successfully achieve outcomes. Underpinning the principles of equity is the recognition by AGI that:

- People may identify with more than one equity group;
- There may be differences within and between equity groups;
- Each equity group does not experience the same type of disadvantage;
- There are still many common systemic barriers for equity groups.

Diversity

Diversity recognises that many factors influence the ability of people to participate and succeed in vocational education, training and employment, including:

- Prior educational experience;
- Cultural diversity;
- Language and/or learning styles;
- Goals and expectations;
- Motivation;
- Work and social experiences;
- Gender;
- Values and beliefs;
- Religion;
- Income;

- Age; and
- Geographic location.

This policy aims to address the requirements of all potential and actual students seeking to participate in training with AGI, including specific equity groups such as:

- Women;
- Indigenous Australians;
- People with a disability;
- People from non-English speaking backgrounds;
- People with language, literacy and numeracy difficulties; and
- Residents of rural and remote communities.

Beyond these groups, and in further recognition of diversity, AGI also aims to respond to the needs of local community groups including:

- Young and mature age people;
- People in transition from institutions;
- People who are socioeconomically disadvantaged; and
- People with family responsibilities.

Implementation of this policy requires equity and diversity considerations to be embedded into all aspects of AGI's planning and operations. This may be demonstrated by the development and implementation of strategies for specific equity groups as required by National and State agendas. Where such strategies do not exist, the diversity of student's needs may be addressed through planning areas such as:

- Resource allocations

- Support personnel
- Staff training
- Product development and delivery;
- Marketing and promotion; and
- Research

All staff employed by AGI are responsible for upholding the access and equity requirements set out in this policy. AGI will periodically monitor and review its access and equity performance in order to:

- Ensure compliance with national and state legislation and policies;
- Meet national and state reporting requirements; and
- Modify and improve its performance to better achieve access, equity and diversity objectives.
