This qualification is aimed at employability in water based outdoor adventure and recreation industry with employment outcomes such as SCUBA diving guide, snorkeling leaders or guides, charter boat crew, and leaders for camps, expeditions and adventure tours among many others.

During the course you will undertake the planning, risk management, finalization and leading of multiple activities including many snorkeling and SCUBA dives.

This is a fun, challenging and exciting qualification that will help you gain the knowledge and skills to take from first steps to big steps as an industry professional opening a world of adventure, exploration and employment in Australia and around the world.

GAIN THESE SKILLS

- Lead and guide snorkeling and outdoor activities.
- Techniques to demonstrate skills for adventure activities.
- Manage groups of participants in an outdoor environment.
- First aid, water rescue and response to emergency situations.
- Navigation, communication systems and weather interpretation.
- Work health and safety, hazard identification, assess and control risks for activities.
- Minimal environmental impact practices.
- Manage and maintain equipment for outdoor activities.
- Logistics of outdoor operations and providing a quality service.

EXPLORE YOUR QUALIFICATION

Get PADI diver certifications to dive leadership levels & also get formal qualifications recognized worldwide which combined really open a world of opportunity that certification alone cannot provide!

Along with the qualification students also get PADI Certified courses:

Open Water Diver Course

The Open Water Diver course is the first exciting step in learning to scuba dive. As a diver, you'll experience weightlessness, get up close to the fascinating marine life that our underworld has to offer and create memories that will last a lifetime.

Advanced Open Water Diver Course

The Advanced Open Water Diver course is all about advancing your skills. You'll practice navigation and buoyancy, try deep diving and make specialty dives to develop broad diving experiences and skills creating a foundation to build your leadership pathway.

Rescue Diver Course

The Rescue Diver Course helps you become a more confident and better dive buddy and prepares you to deal with dive emergencies using a variety of techniques. Through knowledge development and rescue exercises such as role-playing what to do in different scenarios, you learn what to look for and how to respond.

Divemaster Course (Dive Guide)

Divemaster Course is the first professional level certification. During the course you will learn how to work with divers, lead certified divers, and act as a dive guide showing divers underwater dive sites and the marine life that inhabits those dives sites. You will increase your knowledge about physics and physiology as well as increase your proficiency with your scuba and snorkeling skills.

The above PADI courses "fit" into the 22 units of study that make up your qualification. So you Get both PADI licensed and formally qualified giving you the very best diver education and opportunity, and only available through one organization worldwide, the Australian Global Institute! Are you ready to join us?

PARTNERS

Why Gold Coast Dive Adventures?

*No. of dives may vary to student previous experience, course attendance, diving operations, weather conditions and other variables.

Are you ready to join us?, Yes!

IMPORTANT INFORMATION

Our expert teaching team will provide you with the skills, knowledge, experience, and confidence to excel in guiding outdoor recreation activities in controlled environments. You will learn the required in depth technical knowledge and performance skills for the outdoor recreation activity and how to transfer it to allow individuals to safely participate in the activity such as preparing and leading diving clients as a dive guide and share your underwater world passion. We can take you from beginner or advanced to leadership level as a guide with recognized qualifications and international dive certifications.

As a dive guide sharing your passion in a controlled underwater environment you will have the skills, knowledge, and experience to work confidently by yourself or as part of a dynamic team following professional routines, methods, and procedures. Also, your dive guide job requirements will require a small amount of discretion and judgement to select equipment and planning for the excited divers you are about to guide. Your job outcome as an Outdoor Recreation guide for the dive industry is a Dive Master and as we provide you the best training in the industry you will be an awesome Dive Master with your workplace being the reefs of the underwater world.
